

2	5	10	8	3
4	11	6	4	10
5	7	2	12	8
11	6	4	9	5
12	3	8	6	9

4 in a row

You need: dice

2 different coloured counters/objects

Roll the dice two times then add the numbers.

Place your counter on the answer.

Take it in turns until a player gets 4 in a row or the board is full.
